Teachers Speak Out Survey

The teachers of LHS were given a questionnaire to fill out and when asked what motivated them to take up the teaching profession most replied that a former teacher had influenced them. Other answers varied from "working with young people" to "having summers off."

When asked if their expectations of teaching had been realized most answered in the positive vein: "It is less like work" and "more like being needed". The negative replies stressed a lack of motivation in the students today.

We also asked what they liked most about teaching at LHS. The majority agreed that "watching students grow mentally and physically" while "taking part in the decisions that have a positive effect on the students" along with "working with an excellent staff" were the most rewarding parts of their jobs.

The first three games of the season were played on the opponents' fields and under adverse weather conditions. However, the Lakers outshone their opponents each time. The USA Coach said, "We haven't beaten them in 11 years, but hardly anyone has, either." The team was slow to start at the Marlette game but after a rumored "silent" half-time on the players bus, the guys came out to rain" on Marlette's Homecoming

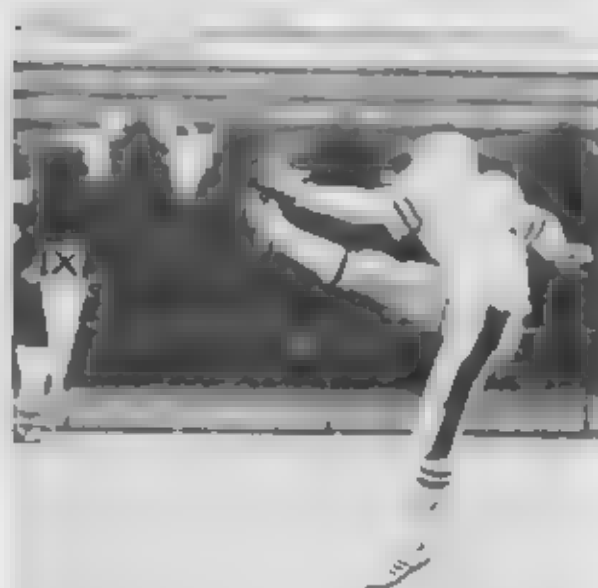

The Laker field had dried out somewhat by the time they played Vassar and thoughts of a fifth trip to the Class C play-offs were in the air. Despite a rain-soaked, muddy Laker field and unladylike weather that greeted the Caro Tigers at Homecoming I, the Lakers slipped and slid their way to victory.

Two away games ... Two arch rivals ... Two very emotional games ... Two Laker Victories ... First, Lakers at Bad Axe. Again a Homecoming spoiled by the Green Machine. Second, North Branch. A down to the wire, evenly matched, hard hitting game that produced the Thumb B League title to the winner and a place in the play offs for the Lakers. Four Anthes to Elenbaum passes pretty much silenced the Bronco fans, especially the last one which came one minute left on the clock

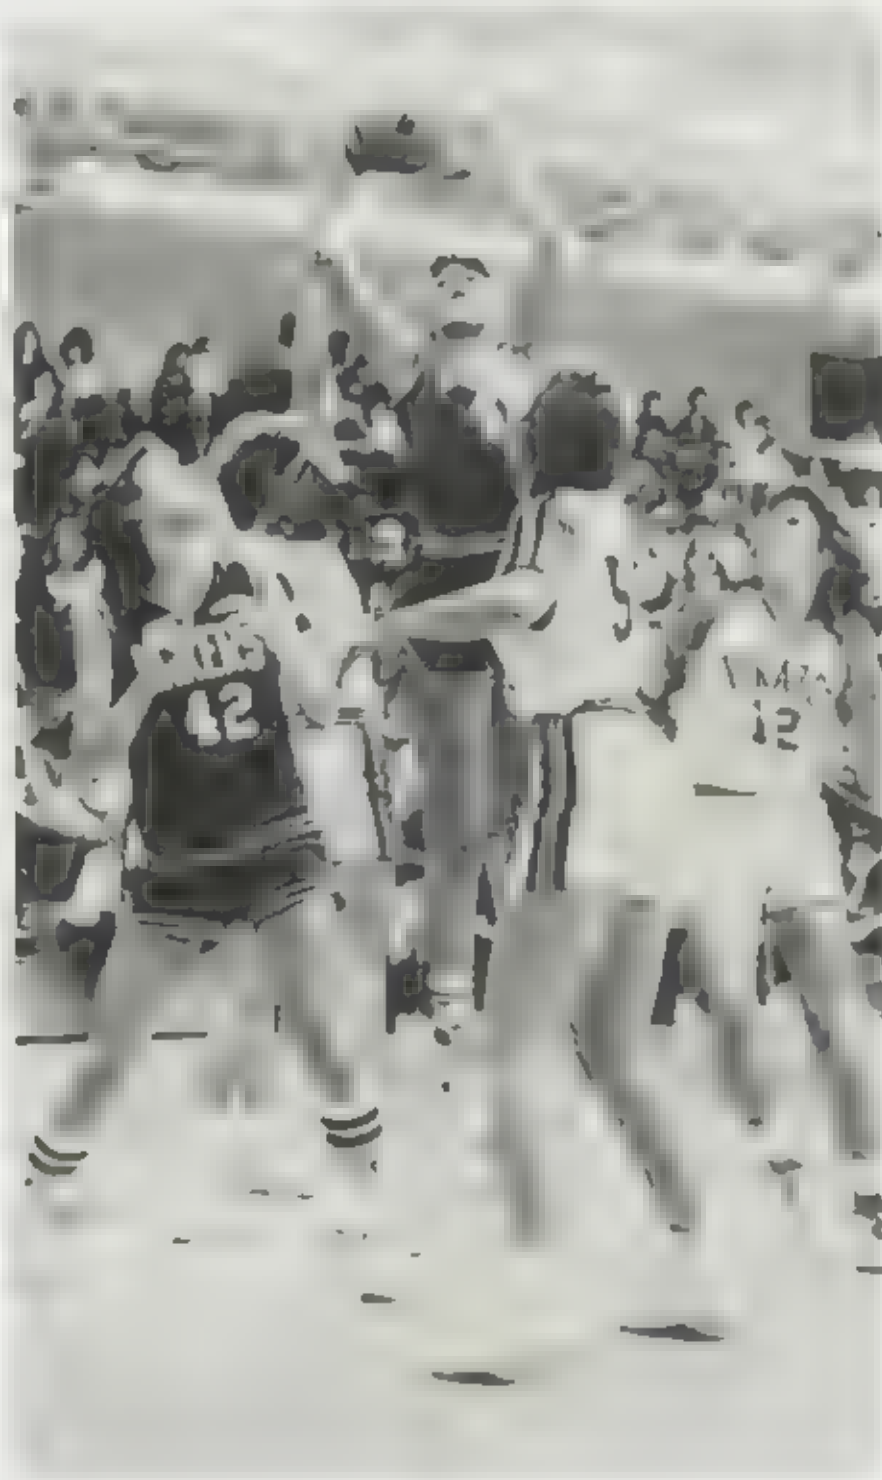

Homecoming II saw Lakers shut out Cass City with the help of some second and third string players. Harbor Beach thought they had the treat but were tricked in over-time by the Lakers on Halloween night

Post-season play saw the Lakers take advantage of playing on their own field by defeating the Armada Tigers 31-14 in the Class C Region 2 first-round play-off game

"Dreams of the Dome" were shattered when Lakers met Detroit Country Day at Flint's Atwood stadium. It was another game of evenly matched teams that went down to the wire. The final score, 27-22 showed how balanced the two teams were but again time had run out on a key play ... this time for the Lakers.

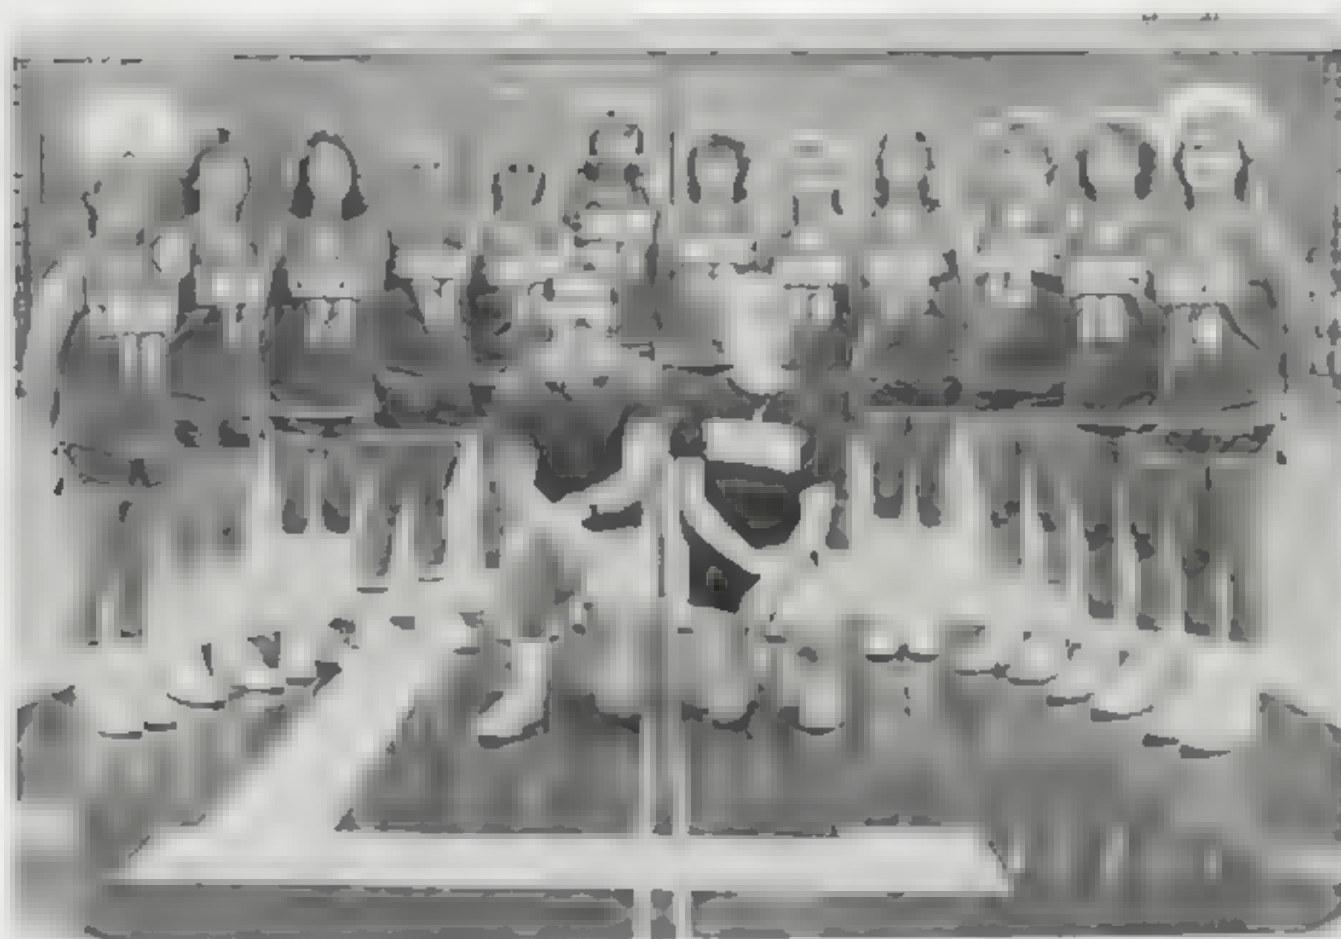

Varsity Girls Basketball

COACH BEACHY'S WORDS ON HIS TEAM:

As a coach, I was very pleased with the team's efforts this year. The girls won more games than any other girl's team in Laker history. From top to bottom, each girl played their best — whether in practice or in games. Coaching girl's basketball is very satisfying, because I am able to see the athletes who are willing to take the time to improve themselves from day to day and from year to year. I would say that the most rewarding thing that happened this year would be winning ten games in a row to start the season and being rated sixth in the state at the end of the year.

Receiving recognition were: Julia Sturm — most valuable, Lisa Buschlen — most improved, and Vicki Winter — most determined.

"This year's Cross Country season was very frustrating because of injuries and lack of numbers. Through the frustrations of the year, I found many encouragements that made the year very much worthwhile. Cross Country is an enjoyable sport to coach because of the opportunities to watch the runners discipline themselves and grow stronger as human beings. The best quality of this year's team was their ability to push themselves and encourage each other to do their very best in each race."

Golf

Front row: Steve Krohn, Scott Krohn, Bryan Winchester, Jeff Rosentaal. Second row: Mark Murdock, Steve Wofram, Joe Grigg, Matt Hazard, Brad Dubs, Coach: Duane Guenther

Due to the unusual weather, the 1986 golf season was a disaster in the making. The young Laker High team started fast, winning two out of the first three matches, and then had to sit back and wait for the rains to end. The next seven matches, plus practice were cancelled. The team ended the season by matching cards with all unplayed teams at the League Meet, and finished a disappointing fifth. The League and Regional Meets, supposed to be played at Scenic, had to be changed to Vassar because of the water. Although the team was deflated by losing the 'home course' advantage, they rallied to place third in the Regional and thus qualified for the State Finals at Parma.

The best quality displayed by the team was its ability to 'make due' with the adverse playing conditions. Throughout the year, when plans were constantly changing, the boys rolled with the punches.

The most rewarding part of the entire season was the trip to the State Finals.

Ever since that magic year of 1979 the Laker Basketball Team, despite fielding some excellent teams, have not been able to get past Districts. This year the spell was broken on Friday, March 13 when Lakers beat Ubly 64-50 to take the District title

The Lakers were not able to advance past the first game of Regionals as Flint Academy played a fast paced game to come out on top 64-59

COACH PAUL BEACHY'S WORDS ON HIS TEAM

For the number of Juniors and Seniors we had out this season we did as good as could be expected. I was extremely proud of the positive attitude carried by each of the guys this season. This team was very dedicated throughout the season. Very few runners missed practice which indicated the type of character the athletes had.

I love the sport and I love to see people improve through hard work but the season was hard to take knowing the talent and facility were not totally utilized.

The most rewarding thing that happened was Shannon Herford breaking the 1600 meter run record after running in the morning all spring

COACH GORDY MURPHY'S WORDS ON HIS TEAM.

I believe that the team despite being very young, had a very successful season. This was one of the more fun and enjoyable years that I have had.

The team's best quality was their desire to improve.

The most rewarding thing that happened was winning 36 medals at Capac and seeing most of the team earning enough points for their pins and letters.

Tennis

COACH PAULY'S COMMENTS ON HIS TEAM.

I felt we had a great year. We were undefeated in dual match competition. Our record was 13-0. We won two invitationals.

We were strong at every flight from first singles to third doubles.

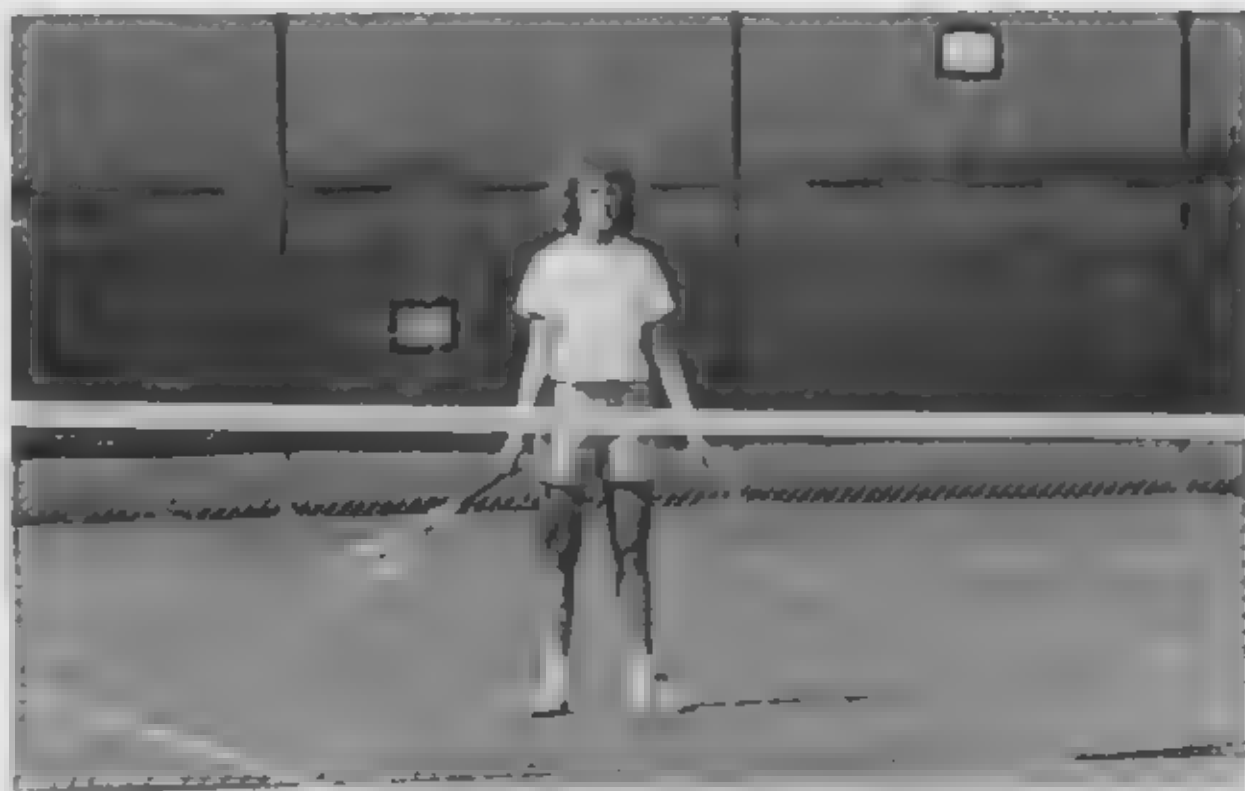

The team's best quality was that they were

very competitive.

I enjoy coaching tennis tremendously. I have a great bunch of kids who work hard. I have as much fun as the athlete.

The most rewarding thing that happened this season was winning the Regional Championship and qualifying for the State Finals.

Baseball

COACH BILL MCLELLAN'S WORDS ON HIS TEAM

We had a slow start, but finished up winning six of the last eight games. Our record for the season was 6-8 in the league and 11-13 overall. When things were going bad they stuck with it and finished the season playing good baseball. I enjoy coaching baseball very much, even after fifteen years. The most rewarding thing that happened this season was beating Caro, at Caro, to knock them out of first place.

COACH TYLER'S WORDS ON HIS TEAM:

We had an excellent year, 14-6 overall. We finished third in a tough league (9-5). The team had excellent hitting and a great defense. The team was mainly powered by our pitching-catching team, Rhonda Baur and Bethanne Beachy. The Lady Lakers never gave up, even when things were looking bad. Many of our players earned all-conference and honorable mention recognition. The most rewarding thing

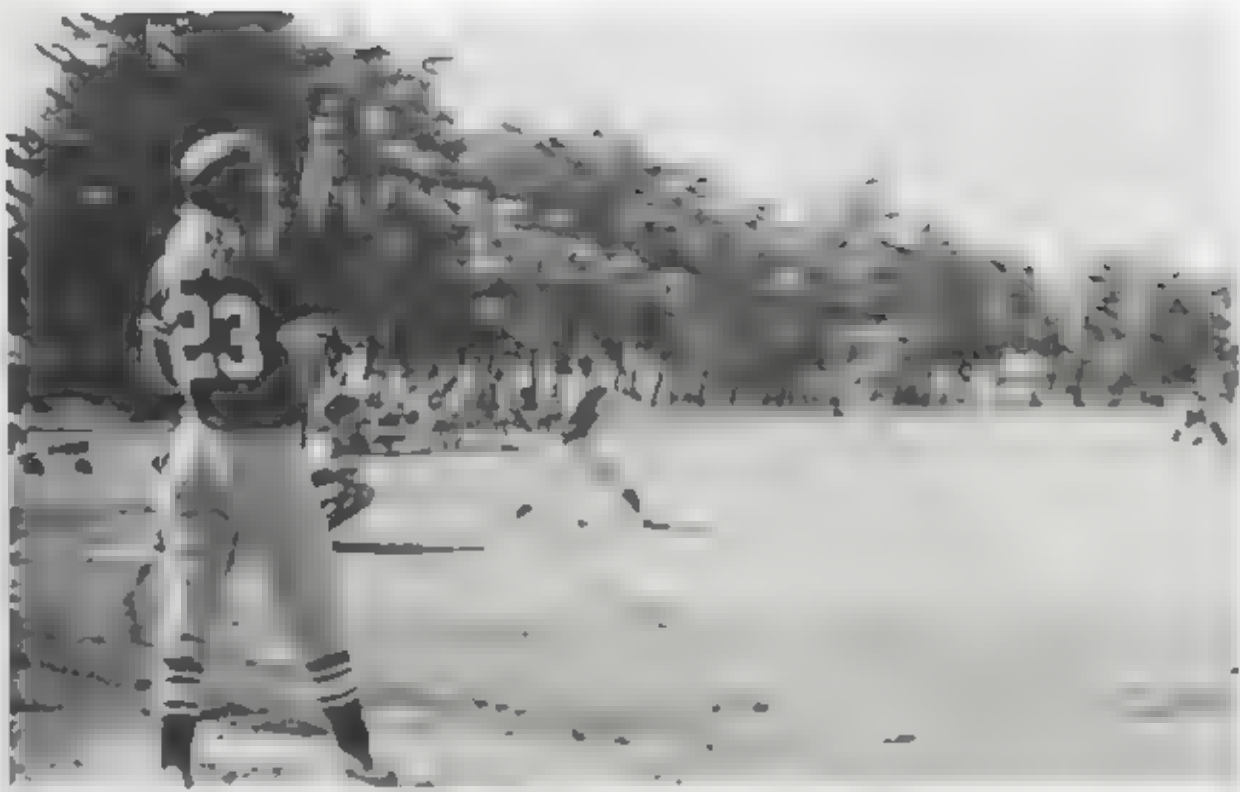

that happened this season was winning pre-districts against U.S.A. Then going on and taking districts against Sandusky and Harbor Beach. Then we later went on and defeated two other teams to win regionals. At the state semi-finals we lost an upsetting game to Waterford our Lady of the Lake, 1-0.

J.V. Football

This years J V football team had a very successful season. Not only were they 7-2 overall; but they were 6-1 in the league. It was a very eventful year for these 5 freshmen and 14 sophomores because they had never played together as a team before. They really showed us determination in the away game with Vassar. They were behind in the fourth quarter and came back to win it with only a few mintues left! What a crew! But, with all the good games they had, they still had their bad ones, too. With losing to Cass City (league) and Harbor Beach (non-league), it really put them down. But, we're sure that they'll be a super varsity team! Special recognition went to: Shawn Parrish — Most valuable, Tom McGee — Most Improved, Ed Bach — Most Determined.

COACH JACK TYLER'S WORDS ON HIS TEAM —

The team did real well this season with a 7-0 league record for first place and 14-6 overall. It was one of the hardest working teams I have ever coached; a real dependable bunch of young ladies. This year's team was mostly sophomores and that should help varsity next year. The team's best quality was that

they never gave up, regardless of the score.

The most rewarding thing that happened was beating USA in the Harbor Beach Tournament after being behind 14-6. I enjoyed this year very much.

Student Council

The Student Council has played an important role in many activities through out the 1986-87 school year. They planned several activities in meetings during the summer and fullfilled those plans through the entire year. Homecoming week along with several dances proved to be very successful. They hosted a Thumb "B" exchange program. They also attended several leadership seminars as well as the State Student Council

Convention in Mt. Clemens. "Coming-home" week was another project which the council undertook. One of the major projects was hosting the Huron County Special Olympics for handicapped children. The student council hopes to make this an annual event. All in all the Student Council has had a very successful year. We hope to continue to grow & achieve throughout the years.

The S A D D organization worked on a number of projects during the 1986-87 school year. The students sent informational bulletins and pamphlets to inform parents and students about the dangers of **drinking and driving throughout the school year. The S.A.D.D.** students also made posters, locker decorations, and a Homecoming float to promote their message. The highlight of the year was the group's sponsorship of Project Graduation and a Controlled Drinking Program which was co-sponsored with the Huron County Sheriff's Department. The officers for the 1986-87 school year were President — Ray Deering, Vice President — Julie Diebel, and Secretary-Treasurer — Kelly Greene.

Debate

"Resolved: That the Federal Government should implement a long term agricultural policy in the United States." The team debated this statement 20 times during their season this year. They participated in six league rounds and four regional rounds. The Regional competition was held at the University of Michigan. The team ended the season with a 50-50 record. This was an exceptional showing as it is the first time debate has been offered at Lakers in quite a few years.

Forensics . . . They Have A Way With Words

Laker Forensics 1987 had a tough act to follow. The 1986 Laker Forensics team set new standards of excellence both during the tournament season and during state competition. But as usual the class of '87 was up to the challenge. Laker High School has never had as successful a season as 1987. The Lakers placed in the top sweepstakes in every tournament and best of all, finished second in the state. The heart of this team was the experience that it had in competition. The '87 Laker team had over

twenty five seniors in competition and over fifty Laker students on the team all together.

The future looks very bright for Laker Forensics and the students have proven that they are competitive with any other high school in the state. There is a word that seems to be creeping in to describe the Laker success and that is "tradition". In a year when a team has won more awards than ever and finished higher than ever it is hard to believe that Forensics will get better, but it will.

Mock Trial

Mock Trial

While the rest of the students of Laker High were "doing their own thing" on Saturday March 24, 1987, Tim Tyler, defendant, was on trial in Detroit for some "nameless crime". His lawyers, Renee Bushey, Ken Ziel, and Cheryl Baur with the assistance of School Advisor, Lisa DiCamillo and "Technical Advisor", David Clabuesch planned a case for him using police records from each person that was involved in this actual court case. Mike Kausch, Matt Shelton, and Karl Joles, also with help from the advisors, planned a case for the prosecution. Witnesses were: Dave Soper, Jackie Peck, Wes Russell, J.D. Talaski, Scot Smeader, and Steve Wolfram. After the cases were planned, competition began between schools — defense from one school against prosecution from

another. At the end of the competition the Laker Mock Trial team, which went into semi-finals, came out 7th out of 24 schools. Case Closed

Yearbook Staff

Volume 27 of the Laker High School Lakonia was published by the yearbook staff. The book was printed in Clarksville, Tennessee by Jostens Printing and Publishing Division.

Under the "Venture" program, we are allowed 128 pages to record the happenings of the students throughout the school years. The pages of the book were printed on 7 $\frac{3}{4}$ " by 10 $\frac{1}{2}$ " 80# gloss paper. The cover is 98 point Fabrikoid material wrapped around .98 binders board and rounded and backed. The end sheets are Snow White with the name/date design in black ink. The division pages carry the design of the cover throughout the book. The type style is Palatino.

The core of the staff this year has been: Amy Csanyi, Paula Klosowski, Carlos Lemgruber and Debby Purcell.

Amy and Paula did most of the developing of negatives and they along with Debby did almost all of the prints. Layouts were designed by Kathy Clabuesch, Carlos and Ginger Clabuesch. Copy was written by Debby, Heather Pudney, Ginger and Kathy. Ad space was sold by Niki Webber, Sandy Kropp, Judy Kropp, Deb Purcell, Bethanne Beachy, Heather Pudney and Paula Klosowski.

Special thanks go to Jim Quackenbush, last year's yearbook advisor; Rich Swartzendruber, Progress-Advance photographer and Ken Drake, our Jostens representative. Also thanks to the teachers for understanding

during deadlines and special photo sessions.

Homecoming I And II

HOMEcoming ROYALTY

Queen: Rhonda Baur
King: Brad Krohn
Court: Bethanne Beachy, Kathy Clabuesch, Ami Rathje, Tom Beer, Lex Miller, Steve Wolfram
Junior Representatives: Carleen Kauffman and Dan Bivens
Sophomore Representatives: Traci Beer and Alan McBride

DRESS-UP DAYS

Monday: Tourist
Tuesday: Teacher
Look-Alike
Wednesday: Pajama
Thursday: Toga
Friday: Green & White

Homecoming I: started with rain, ended with an outstanding Laker victory over Caro, 26-8, an uncrowned queen, and more rain. The power puff games were split. The previously undefeated senior girls were defeated by the juniors in a hard-hitting and very muddy football game. The senior boys remained undefeated by trouncing the juniors in a fast-paced, highly-skilled volleyball game. Although the juniors won the float competition with their replica of "Friday the Thirteenth's" Jason, the seniors dominated the class competitions at the pep assembly by winning the tricycle race, the tug-of-war, and the pie-eating contest. Other highlights of the fun-filled pep assembly were: pep talks, licorice-eating contest, skits, and the ever popular mock rock. King Brad was crowned. Homecoming II definitely did not have the spirit or zing of Homecoming I, but it was still fun. It was drier, but much colder. With two starters sitting out, the Lakers still came out on top by squashing the Cass City Red Hawks 17-0. Rhonda Baur was finally crowned queen after three long weeks of waiting.

Laker Volleyball team shows "Laker L" after receiving the Regional trophy.

Golf

The Laker golf team participated in State Finals

Track

Regional medal winners in track were: Jenny Warren, Kelly Damrow, Brenda Buschlen, Lisa Buschlen, Marilyn Kranz, Becky Ropp, Tracie Henne, Stephanie Leipprandt and Tricia Kauffman. Marilyn Kranz went on to compete at the state level

Coach McLellan and Coach Gardy accepting the District Trophy from Laker Athletic Director, Bob Drury.

BOEC

The team went to regionals and Teresa Haley made it to State Competition.

Carmen Mascorro receives award from Congressman Bob Traxler for her art work.

The team celebrates the first District Championship since 1979!

Forensics

The Laker Forensics Team placed second in the Class C-D State competition. Angie Herford received fifth place in sales and Rhonda Baur earned fifth place in radio broadcasting

The Laker Chapter of F.F.A. won numerous honors this year, including a first in the State in Parliamentary Procedure.

Tennis

The Laker Tennis team won the Class C Regional Championships for the second consecutive year. They won six of the seven flights for a total of 19 points. In State competition the team finished in 11th place. Jeff Sturm and Paul Elenbaum were in singles quarterfinals as were Dan Bivens and Jody Caverly, the third doubles team.

The Laker Softball team took districts and regionals but lost in semi-finals to the eventual State Class C winners.

Graduation

Valedictory

Today we graduate. Graduation always seemed so far away. I can remember when I was in junior high and even grade school and I always wondered what it would be like to be a senior. It seems like that was yesterday. I could ask any graduate and he or she would agree: the years have gone by quickly. Yesterday I was crying because in seventh grade there are no recesses and today I am speaking at my own graduation. Time flies.

Most of us have spent 13 years in this school system: from kindergarten all the way up to twelfth grade. It only makes sense that our fondest and most memorable experiences will deal with school. What are we going to remember most from these past 13 years? Maybe a football game, maybe a basketball game, a volleyball game, a play, practices, maybe funny things that happened in class. Whatever we remember most it will have something to do with school.

School has been more than just a place to learn facts, figures and formulas. We met our friends

here, we laughed together, we joked, we helped each other, we lost friends, we cried, we fought, we learned, we had fun. If someone were to ask me what the most important thing I learned in school was, I think they would be surprised by the answer. It wouldn't be a formula or equation or bit of historical trivia; the most important thing I learned is the value of friendship. School was a place for us to learn: about the "three R's" and about ourselves. School was 13 years of our lives.

School is over for us now, and it is time for us to say our "goodbyes". "Time waits for no one", and it is time to move on. We have to leave school behind us — the classes, the parking lot during lunch, the cheerleading practices, the games, the musicals, the dances, the prom, the teachers — we have to leave it all behind us, but there is no way we will ever forget it.

A popular question that everyone asks graduates, and I've been asked this at least a dozen times already, is "are you happy

you're leaving, or sad?" I have always thought that is a silly question, because the answer seems pretty obvious. However, I would like to close my speech by answering that question for all of the graduates. Yes, we are happy to be leaving the homework, the tests, the research papers, the essays, the seventh hours, the books, the tardies, the notes — we are overjoyed to be done with that for a while. But we aren't so happy to be leaving our friends, the good times we had and our memories of high school. Our experiences have shaped our lives, our personalities our future. We are leaving 13 years of experiences, 13 years that are a part of us, we are sad to be leaving. Thank you all for letting me share my feelings and thoughts with you. Class of '87 I want to thank you all for being my friends and classmates. You all are a very important part of my life and I won't forget you. Thanks for being around when I needed you. Good luck in the future.

Robert Bannick

Salutatory

Today is the day we all have been waiting for. High school graduation. A time for celebration, farewells and new beginning

As graduating seniors, we definitely have a right to celebrate. On the surface we are celebrating the fact that "it's finally over — no more high school!" It feels as though we're being released from chains that have held us under for thirteen years. But underneath, we should be celebrating much more than that. We should be celebrating the fact that the education we have received here at Laker High School is one of the best educations we could ever hope to get anywhere. We have learned so much in this school, not only from teachers and books, but also from extracurricular activities and from our friends. Teachers at Lakers have always tried to teach us things which would be very important in our future. College prep classes prepared us for college; family living and home ec taught us things which will be used in raising families; and art, accounting or woodshop were specialized classes for those of us with certain career interests. The extracurricular activities at Lakers taught us many things about

ourselves and about dealing with others. From participating in sports such as football, volleyball and track we learned about endurance, leadership, sharing, competition and sportsmanship. Activities such as BOEC, FFA, forensics and drama taught us how to speak publicly and to relate our feelings to others. From other activities such as SADD, Student Council and even cheerleading we learned how to group together and lead others for a common purpose. Our friends have also taught us a great many things. They have taught us how to share, to communicate, to laugh, to cry, and to love. This education from teachers, activities and friends is more than enough reason for us to celebrate.

Today, however, along with the celebrations, come the farewells. Saying good-bye to Laker High School is like saying good-bye to a person you've known all your life. You may like the person or you may not. Either way the farewell is sad, because in some way, some time, you are going to miss that person. Many of our classmates, our friends, will be leaving this area after graduation whether it be for college, career or some other reason. We've had

the security of having these friends for many, many years and it's scary to wonder if we'll ever see them again. We have to say good-bye to all the good times we've shared, like: Prom, cruising Pigeon, dances, sporting events, forensics trips, or just being with friends.

After the celebrations and farewells come new beginnings. Some will be starting full time jobs, others will be off to college or the military and still others will be starting families. We will be freer to live our own lives, to do what we want to do. We must learn to think for ourselves, and to learn from our mistakes. It may not be easy, but we can do it if we just remember that anything is possible if we want it badly enough. It will be hard work, but we can do it if we try.

I'd like to close by tying the celebrations, farewells and new beginnings together with this poem.

High School Graduation . .

A celebration . . . a time for looking back on lessons learned, adventures shared, bright moments filled with special meaning.

A farewell . . . a time for saying good-bye to old friends, to good times you've known . . . a time for packing away memories, treasures for tomorrow.

A beginning . . . a time for looking forward, a time to set new goals, to dream new dreams, to try your wings and see what lies beyond

Dear Laker Friends,

Even before coming to the U.S. I had many expectations of how my host families, my host city and my host school would be like. Everything was a very hard change. All the things I was used to were pretty much the opposite from what they were here. So, throughout the year I became acquainted with the way of life people followed in this area; their habits, their goals and their expectations of how their future should be.

Laker High was one of the main things during the year, not only because I spent most of my time here but also because I learned a lot through the teachers, cooks, custodians, office staff and most important than all, the students. I believe that Laker has all kinds of students and this way I could see the United States through their eyes, their conversations and see that the world is the same anxieties about an indefinite future and that this whole pressure lies on the youth's shoulders. I also saw that the school here, as anywhere, has cliques that unfortunately I couldn't break in, and also many rules that I didn't agree with (but that has to

do with culture). But I also found very beautiful the attention people give to sports, the love they have for their school, all the things they do in it and how close is the relationship with the teachers. I'll miss everybody and all the events that happened inside and outside the Laker walls and one day I'll be back to see everybody again and how they are doing

It surely was a learning year full of new experiences, new friends and new ideas that I'm sure will have a great influence in my future and will lead me to higher plateaus during my life.

Thank you all!!

We asked the Laker Student Body several "personal" questions this year. Most of the results were very close and the general consensus was fairly predictable. This year the over all favorite Rock Group was Bon Jovi. Of course the number one Rock Group sang the top song, Living on a prayer.

Nineteen Eighty six also brought us the top actor, Tom Cruise, and the number one movie, Top Gun.

In the Solo singer category, Madonna and Phil Collins were tied for the number one spot.

When we weren't listening to our music or watching a movie, we mostly kept our eyes glued to the good ole reliable television. After school, we followed the lives of Eden and Cruz, Sophia and C C, and the wicked stepmother Gina, on Santa Barbara. At night, the Huxtables entertained us with their family antics and wit.

Our favorite actor was Eddie Murphy and our favorite actress was Molly Ringwald.

When we were out and about and needed a quick bite to eat, we ate at our favorite restaurant, McDonalds.

At Lakers we have great taste. The guys preferred to have Heather Locklear stuck on a desert island with them. The girls voted to be stuck with Tom Cruise! And that concludes this years' Students Choose Favorites.

Teacher Memories

Memories Of Laker High

Our memories crowd our minds: our thoughts race backward and forward; the images flash before us like a fast-forward video. We remember hundreds of happy, sad and funny events in no particular order:

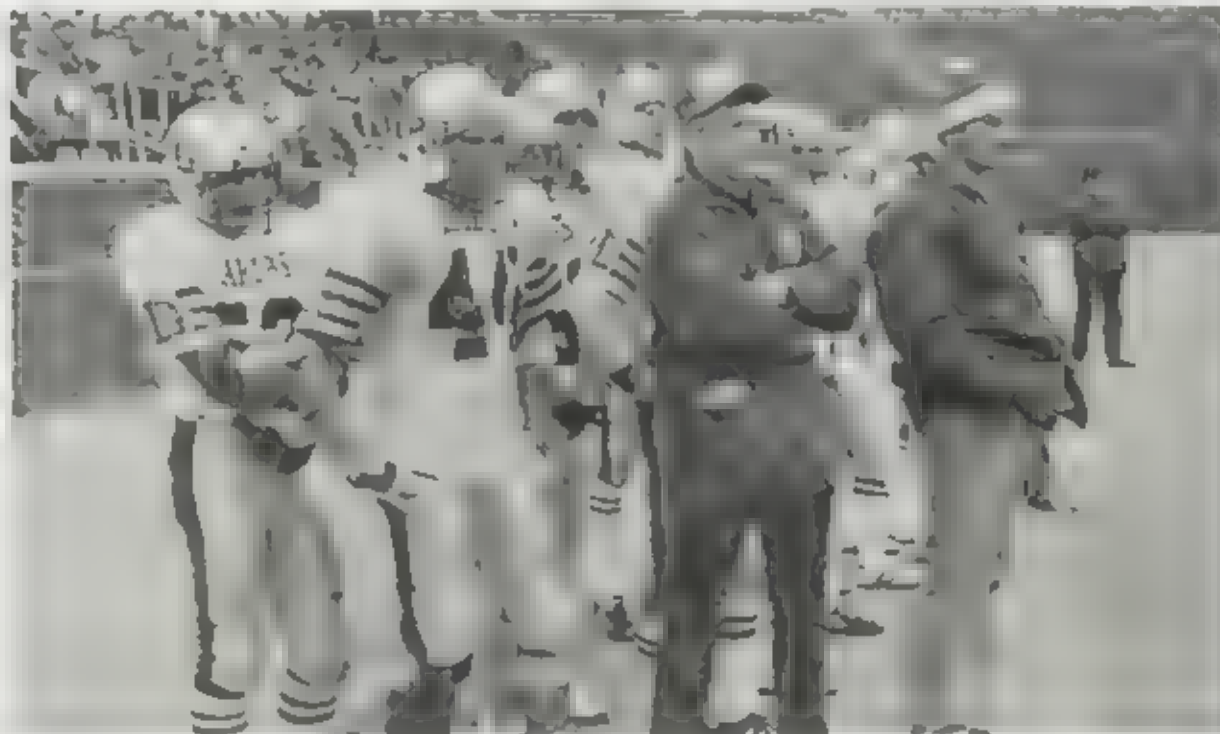

Toga Day '86, Camp Rotary, WIOG (mugging Scott Shannon in Pigeon), watching the Armada bus leave our parking lot, Jeremiah (the bullfrog), the polar bear joke, Uncle Bill's class

The Wizard of Oz, the licorice eating contest, Family Feud, Todd's dance at church, T.P.ing Ken's Bedroom and the Saran

Wrap underwear, Tim Tyler's laugh, Quest, Bob Brown, Mr Rees watching us holding the test tube in the open flame, Hobbiting, Bleacher Creatures, Julia's "Oh, my God's", Joe Griggs' golf "trip", Tim and Al and Chris Deering falling off Jug's car, croutons and orange peels

Joe Duffield's shotgun and chicken, being mooned at MSU, the powderpuff football deal, the 10th grade trip to the U of M game, the softball district final game at Cass City, Mr. Anthes' efforts to restrain himself in class, the "Candy Bar Caper",

getting stuck in a graveyard, the anti-communist attitude, art, forensics and more forensics, Mrs. Haley's sense of humor, winning basketball districts in '87, Lenny's BBQ sauce accident, the Campus Life trip to Florida, State Volleyball finals, fireworks in Pigeon, F.F.A., North Branch, lunchtime euchre tournaments

Loving a win, hating a loss, losing a friend, getting an "A", hearing Mr. Ballard call my name over the intercom, finding out I wasn't in trouble, crying at Atwood Stadium, sharing problems, applying to college, hugging a friend .

Saying goodbye .
